WELCOME!

This year we celebrate over fifty years of eventing in the Radnor Hunt countryside. We are gratified to perpetuate the sport and provide a training ground for our fabulous equestrian athletes. While our Event has changed over the years to suit the evolving needs of the equestrian community, one thing has not changed. We have always been able to depend on the support of the local community. The Radnor Hunt Horse Trials would not exist today without the many dedicated volunteers who gave countless hours to organize today's event, without the financial support of our friends and neighbors, without the landowners who share their property, and most importantly without the competitors. After all, Radnor Hunt Horse Trials is all about the horse and rider and providing them with a great day of competition in our beautiful countryside. We wish all the riders the best of luck. We thank everyone who has played a part in making today possible. Here's to the next fifty years of eventing at Radnor as the tradition continues!

Richard Walkup

Chairman

Our History

Over the years, the Radnor Hunt International Three-Day Event hosted the Junior and Young Rider Championships and Intermediate Championships in addition to international one- and two-star levels and national Preliminary, Intermediate, and Advanced divisions. The tradition continued until 2006, the last year that Radnor offered international divisions.

After it became untenable to host international divisions, a group, spearheaded by the iconic Marilyn Taylor, got together to pivot the International Three-Day Event to the Radnor Hunt Horse Trials of today, which started by hosting Training and Novice levels, added Preliminary in 2016 and added Modified in 2022. In 2023 the decision was made to drop Preliminary and to add Starter and Beginner Novice levels. This decision reflects the changing needs of the equestrian community and Radnor Hunt Horse Trials' ability to adapt.

We are proud to continue the tradition of Fall Eventing in the Radnor Hunt Countryside and look forward to a great day of competition celebrating the partnership of horse and rider.

THANK YOU LANDOWNERS

Many thanks to the landowners who so graciously have allowed this competition to take place on their land. We recognize that the sport of eventing cannot continue without open space upon which to compete, train and keep our horses.

For the Trailer Parking we thank:

Mr. and Mrs. Michael A. M. Wall

WE GIVE BACK

Part of what makes the Radnor Hunt Horse Trials so special is our commitment to giving back to the community.

Net proceeds after expenses are given back to non profits such as land conservation organizations, equestrian charities, and the Boy Scouts who help us keep our event running smoothly every year. This year we are proud to partner with Work to Ride, a Philadelphia based non-profit scholarship program that provides a safe haven to at risk youth. Participation encourages social emotional learning, discipline, responsibility, and teamwork through performing horse care, barn management chores, riding and playing polo. Work to Ride also provides tutoring and academic support to ensure all students have access to higher education.
